WHAT TO EXPECT

Publication

All accepted and presented papers of the 1st International Conference on Energetics, Civil and Agricultural Engineering 2020 will be submitted and published in the Open Access Publisher: IOP Conference Series: Earth and Environmental Science which is indexed by SCOPUS and Web of Science. In addition, following the decision of the scientific committee, selected papers will be published in the Journal of Energetics and Agricultural Engineering.

Site Visits

For the first time in Central Asia? ICECAE 2020 is pleased to invite you to the "Tashkent City Tour" – an excursion in Tashkent on a double-decker bus. You will experience all the most interesting sights of the beautiful capital of Uzbekistan. Each bus has audio guides with headphones, thanks to which you can listen to guide's comments in English, Russian, Uzbek, French, Spanish, Chinese, German and Japanese.

Location

Tashkent, the capital of the present-day Uzbekistan, is one of the biggest cities of Central Asia and is called "Star of the Orient" and "Messenger of Peace". These names amazingly reflect the very essence of the city, which for more than 20 centuries has been symbolically illuminating with the light of peace and kindness the lives of both its inhabitants and the road for travelers.

B2B Meetings

ICECAE 2020 will provide the unique opportunity to reserve Business to Business (B2B) meetings. The B2B Meetings offer companies, research organizations, academic and business individuals the opportunity to meet potential co-operation, business and research partners in individually planned meetings.
